Highlights

Switch On Channel Programming
Perfect for in-house advertising or information channels as it allows to show a predefined channel when the TV is turned on.

Hotel Logo on Screen Display
Personalise your hotel TV by displaying your hotel logo on the screen display every time your guest turns it on. You can also personalise a message to make your guest feel extra welcome.

Installation menu locking
Prevents unauthorized access to installation and configuration settings, to ensure maximum guest convenience and avoid unnecessary reprogramming costs.

Power On Status
Power on status (standby/on/last status)

Volume limitation
This feature predefines the volume range with which the TV set is allowed to operate, preventing excessive volume adjustments and avoiding disturbance of next door guests.

Local keypad locking
Local keypad locking/RC locking/High security mode

USB Cloning
USB cloning of all settings for quick installation

USB Firmware Upgrades
Firmware is upgradable via USB

Digital Crystal Clear
Digital Crystal Clear is a package of picture innovations that digitally adjusts and optimizes picture quality to optimal contrast, color and sharpness levels. It's like watching vivid cinema-like images.

USB Playback
Enjoy your own media playback via the USB port. Simply plug in a USB drive, and create your own signage content to convey the marketing messages you want, when you want them. With a wide range of media formats supported, this powerful media player offers an excellent picture and true flexibility.
