Eco-conscious product

- Low radiation (ECO and ECO+ modes) and power consumption

PHILIPS

Cordless phone
D400 1.8" display/ amber backlight, Speakerphone

D4001W/21

Highlights

Handset speakerphone

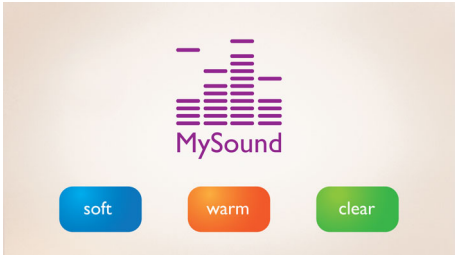

Handsfree mode uses a built-in loud speaker to amplify the voice of the caller, allowing you to speak and listen during a call without holding the phone to your ear. This is especially useful if you want to share the call with others or simply multitask.

Keypad backlight

Keypad backlight for fast access even in dark room

MySound profiles

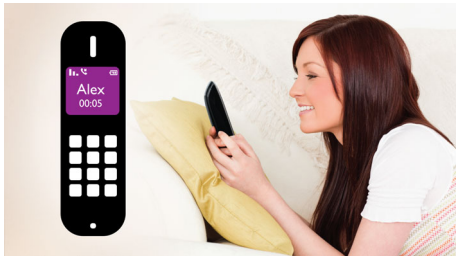

Sound perception is subjective, and everyone has their own listening preference. MySound brings personality back to every conversation by allowing you to choose the audio profile that best matches your sound preferences: Clear – to make voices sound crisper and clearer; Soft – for friendly, softer tones; Warm – to make voices sound welcoming and warm.

4.6cm (1.8") graphical display

Large, 4.6cm (1.8") full graphical display

Caller ID

Sometimes it is good to know who is calling before you answer. And our Caller ID lets you keep track of who is on the other end of the line.

Contoured handset design

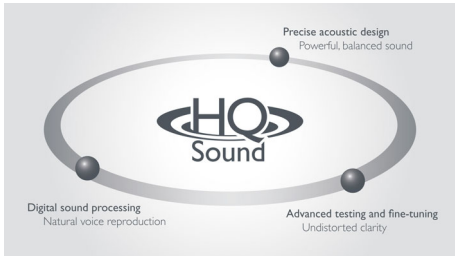

Designed for maximum in call comfort the handset fits naturally against the curve of your face.

Eco-conscious model with ECO+

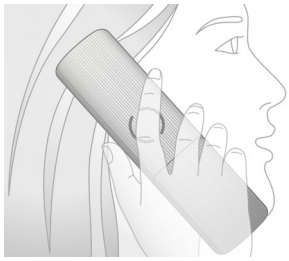

Philips phones are energy efficient and designed to be respectful to the environment. When ECO mode is activated the emitted radiation is reduced by up to 60%, and up to 95% when the phone is charging. Whith ECO+ mode activation the radiation drops to zero.

HQ-Sound

Philips cordless phones with HQ-Sound: build upon decades of experience and breakthrough innovations in developing Hi-Fi audio products and high-end headphones to deliver excellent voice clarity on our DECT phones. When it comes to improving sound quality, our acoustics engineers and architects have thought of everything – high quality components, digital signal processing, precise acoustic design, advanced testing and fine-tuning. The result is sound that is crisp, clear and authentic. Sound so good and natural, it is almost like being there in person.

Non-slip grip

The rear of the handset is treated with a special texture for added comfort and better grip.

Silence mode

Value your privacy and quiet at home? Easily disable the ringtones for specific "no call" times to enjoy piece and silence.
