PHILIPS

Steam iron

Steam 50g/min;190g steam boost T-ionicGlide soleplate, Safety Auto off + Anti-calc, 2600 Watts

GC4520/30

Highlights

2600 W for quick heat up

2600 W for quick heat up and powerful performance.

Steam up to 50 g/min

Continuous steam output of up to 50 g/min gives you the perfect amount of steam to efficiently remove all creases.

Steam boost up to 190 g

The steam boost can be used for vertical steaming and tough creases.

T-ionicGlide soleplate

T-ionicGlide is our best gliding and scratch-resistant, 5-star rated soleplate with integrated Titanium-Oxide layer.

Quick Calc Release

Regularly cleaning the iron from calc results in longer lasting steam iron performance and better ironing results. Our Quick Calc Release makes the regular cleaning of loose calc in the steam iron as easy as emptying the water after each ironing session. The very efficient Self Clean function will do the rest.

Self-Clean

In addition to the Quick Calc Release a more thorough clean of your soleplate will remove the most stubborn calc. A clean soleplate will improve your steam performance and ironing results.

Safety auto off

The steam iron shuts off automatically when left unattended. It will switch off after 8 minutes when left standing on its heelrest and after 30 seconds when left resting on its soleplate or sides.
