See better, work better

Lighting up passion - since 1914

Since producing our first headlight in 1914, Philips has become the world's largest supplier of lamps to the automotive industry. In light of this lighting anniversary we have released a limited volume of this special commemorative version

More light output
- Light output: 120 lumens
- Wide beam angle: up to 80°
- Powerful focus light: 90 lumens
- Soft natural light that is comfortable to the eyes

High resistance
- Resistant to chemicals and workshop solvents
- Robust aluminium housing
- Water- and dust-proof

Hands-free lighting
- 80° swivel hook with magnet

Never lose your lamp again
- Improved colour scheme for easy relocation

PHILIPS

Professional workshop lamp
Penlight Premium Gold Limited edition, rechargeable, focus light

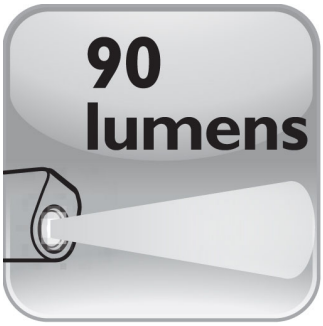
LPL25RECHX1

Highlights

New high-power LED light

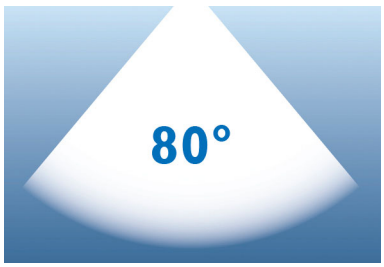
The renewed latest-generation high-power white LEDs provide 120 lumens of light output to ensure that you are not left in the dark when trying to spot even the smallest details.

Focus light: 90 lumens



The focus light will enable you to see what remains hidden from others; thanks to its ultra-slim design the lamp can be manoeuvred into very small cavities and the strong LED source will illuminate everything.

Wide beam angle



The wide beam angle of 80° will enable you to focus on specific parts and to deliver the amount of light you need.

Strong impact resistance -IK07

The robust case is designed for a tough working environment and conforms to IK07

Water and dust protected -IP54

The LED inspection lamp is water resistant and conforms to IP54.

Resistant to chemicals

As well as resisting knocks, the inspection lamp cases are resistant to water, chemicals and workshop solvents.

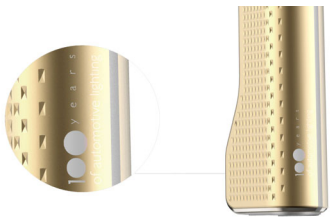
Swivel hook with magnet

With the 80° swivel hook with magnet, you will have the possibility of placing this penlight on any surface, leaving both your hands free for the job.

White LED light: 6000 K

Soft natural light that is comfortable for the eyes for longer periods of time has a colour temperature between 6000 and 7000 K. Brighter light might be extremely clear, but it is unnatural to the eye and will lead to fatigue.

Improved colour scheme



Thanks to its new colour scheme, the lamp has an improved visual signature and can be spotted more easily. Never lose your lamp again.

Specifications

Maximum visibility
- Beam angle: 80°
- Colour temperature: 6000 K
- Light output: 120 lumens
- Light intensity: 250 lux at 0.5 m
- Number of LEDs: 4 + 1
- Light output (Pointer): 90 lumens
- Light intensity (Pointer): 3600 lux at 0.5 m
- LED lifetime: 10,000 hours

Robust
- Impact protection rating (IK): IK07
- Ingress protection rating (IP): IP54
- Resistant to: chemical and workshop solvents, grease, oil
- Operating temperature: -10°C to 50°C
- Materials and finishing: robust metal housing

Hands-free
- Hook: 80° swivel clip with magnet

Power
- Battery run time: up to 6 hours
- Battery charging time: 2 hours
- Battery Type: LiFePO4 (LFP)
- Constant light output: with LFP technology
- Battery capacity: 1800 mAh
- Operating line voltage: 100-240 V
- Power consumption: 6 W
- Plug type: EU
- Charging cable type: micro USB

Product measurement
- Lamp dimensions (L x W x D): 183 x 21 x 35 mm

Product weight
- with batteries: 90 g

Country of origin
- China

Ordering information
- Order entry: LPL25RECHX1
- Ordering code: 39206733

Issue date 2014-07-23
Version: 1.0.1
12 NC: 9237 958 60001
EAN: 87 27900 39206 7
