# Network Rack
# 10" Series
for home installation and small office

## The solution for small data networks

Techly Professional Cabinets are the result of an innovative project that meet the needs for cabling of small data networks.

- **Compact:** compliant with 10" standards, ideal for cabling for small data networks.
- **Economy:** linear design to offer the best quality / price ratio.
- **Quick assembly:** pre-assembled, easy to install, ready for use: with assembly kit included.
- **Practicality:** cable entry facilities on the roof and base ventilation slots on the side panels.
- **Accessories:** wide range of accessories to meet the needs of designers and installers.
