1U 19” Wall Mount Vertical Rack Bracket, Wall Mount Patch Panel Bracket for Data/AV/IT/Computer Equipment, 1U Rack for Cabinet or Server Room, Supports 130lb (59kg) Capacity

Product ID: RK119WALLV2

This 1U 19 in server room rack enables vertical mounting of rack-mounted equipment of any depth. Mount the bracket to a wood stud wall and position equipment vertically, maximizing space utilization and optimizing layout design. The open-frame design allows for unrestricted airflow to the mounted equipment, improving cooling.

Mount the bracket into a wall featuring wood stud construction, where studs are spaced 16in (40.6cm) apart. The patch panel wall mount rack is perfect for SoHo (small office, home office) and other small footprint applications allowing you to vertically mount up to 130lb (58.9kg) of standard rack equipment into this 14-gauge steel bracket. The mounting holes are positioned 16in (40.6cm) apart for wall mounting.

The vertical wall mount network rack conveniently includes 6x wood screws, 4x M5 square cage nuts, and 4x M5 screws to attach the rack to a wall and mount your equipment.

The wall mount vertical rack is backed for life, including free lifetime 24/5 multi-lingual technical assistance.
