- Power mode supported: AC powered
- Power consumption: 4 W

Highlights

Multiple-photo collage effect
It's a slideshow effect to show photos in collage form that automatically and randomly compiles different photos together to avoid unattractive borders that may result from photos which are smaller than the screen size.

4:3 perfect frame ratio
Philips digital PhotoFrame ensures your photo to be displayed in 4:3 ratio for the best viewing experience.

Auto orientation
Automatic landscape/portrait recognition employs a sensor that recognizes PhotoFrame orientation and displays each photo in its proper mode.

Color Machine
For the most vibrant colors

Viewing photos in USB flash
A USB connector for easy viewing and sharing of photos stored on USB flash drive.
