Epson **Stylus Office BX305FW Plus**

DATASHEET

Epson's Stylus Office BX305FW Plus is the ideal product for small businesses that need to scan, print, copy and fax while keeping costs to a minimum.

This straightforward 4-in-1 can be shared with multiple users over Wi-Fi. Businesses can also be sure of enhanced Wi-Fi security with WPA2 encryption.

Individual DURABrite Ultra Ink cartridges save businesses money as they only replace the colours used. DURABrite Ultra Ink is so versatile it is able to print business-quality graphics and text documents. Because of its durability, prints are highlighter, water, smudge and fade resistant as well as offering fast-drying results.

The BX305FW Plus also comes with Epson Connect, offering more flexibility and freedom, allowing users to quickly and easily print documents and photos wirelessly from smartphones and tablet PCs[2].

Users also save valuable time with the Automatic Document Feeder (ADF) as multi-page documents can be quickly scanned and copied. With five dedicated speed dial fax buttons, users are able to store the business's most frequently used fax numbers, and the two line text LCD screen allows for fast and easy copying and faxing. All of these time-saving features give staff more time to continue with their workload.
