Epson **Stylus Office BX630FW**

DATASHEET

For small businesses who need a 4-in-1 that will help save time while also keeping costs down, Epson's Stylus Office BX630FW is the ideal office printer thanks to the added benefit of Ethernet and Wi-Fi connectivity, and PC-free printing.

Businesses can save valuable time thanks to the fast print speeds, and Automatic Document Feeder (ADF) for multi-page scanning, copying and faxing. Additionally, its large capacity front-loading tray holds up to 250 sheets, so less time is spent refilling.

The economical BX630FW can provide savings of up to 50 percent on cost per page compared to competitive lasers[1].

Businesses can choose to connect to the BX630FW via Wi-Fi or Ethernet, offering more options to suit individual businesses. With its Wi-Fi connectivity, multiple users are able to print, scan and fax quickly and efficiently with just one machine.

The BX630FW also comes with Epson Connect which offers even more flexibility and freedom, allowing users to quickly and easily print photos and documents wirelessly from smartphones and tablet PCs[3]. Additionally, users can print from anywhere in the world by emailing photos and documents directly to the printer. Google Cloud Print service is also supported.
