Highlights

White LED light

The white LEDs provide 150 lumens of light output to ensure that you are not left in the dark when trying to spot even the smallest details. The colour of the light is soft natural white with a colour temperature of 6000 K, the best solution for long repair jobs because it does not strain the eyes.

Impact resistant

The robust case is designed for a tough working environment and conforms to IK07

Water resistant

The LED inspection lamp is water resistant and conforms to IP54.

Cordless, with rotating hook

With the adjustable and retractable multi-angle hook you can hang this professional lighting tool on every surface. Leaving both hands free for the job.
