- Effortless cleaning at the touch of a button
- Blend-and-go tumbler to take anywhere
- Detachable blades for easy cleanup
- Dishwasher-safe parts
- HomeID app for all the inspiration you need

*vs HR2228

Highlights

1200 W ProBlend Plus motor

20% more power* makes velvety smooth drinks, soups and sauces from even the hardest ingredients, like frozen fruit, ice and nuts.

New ProBlend Plus blades

Extended blades are longer and thicker to crush and blend even the hardest ingredients.

ProBlend Plus ribbed glass jar

Ribs in the glass guide your ingredients into the vortex for optimal circulation and ideal results.

Thick frozen-fruit smoothies

Make velvety smoothies and smoothie bowls from frozen fruit with little or no liquid needed. Use the tamper to push ingredients down and keep them circulating until you reach the perfect consistency.

2 litre capacity

Large 2 litre jar with a 1.5 litre working capacity makes smoothies for the whole family in one healthy, delicious batch.

Variable speed plus Pulse

Dial your speed up or down with variable speed control. Or use the Pulse feature for extra bursts of power when you need it.

Effortless cleaning

The one-touch automatic programme cleans your jar effortlessly with warm water and a drop of washing up liquid. All removable parts are dishwasher safe.

Blend-and-go tumbler

Blend directly in the tumbler cup, then snap on the cap for instant smoothies on the go.

Detachable blades

Separate the blade unit from the blending jar to wash by hand or in the dishwasher.

Specifications

General Specification

Primary Material: Plastic
Certifications: NA
Functions: blending
Pre-programmed settings: Yes
Capacity Water tank: NA
Product Type: Blender
Secondary Material: Metal
Capacity Basket: NA
Number of servings: 6
