Philips
Attachable battery pack

For mobile phone

DLP2272

Charge on the go

with a convenient backup battery pack

The slim battery pack goes with you anywhere and connects to most mobile phones for a quick boost. Cable included to charge via computer or existing USB charger. Enabled for use with the ChargeOn system for effortless wire-free charging.

Portable power
- Double the battery capacity for nearly twice the talk time
- Recharge your device's battery on the go
- Works anywhere - great when you're not near a power source
- Mini-USB sync and charge cable

Effortless charging
- Charge on contact – no plugging and unplugging
- Meet the ChargeOn system for effortless charging

Smart design
- Suction cups for secure attachment
- Compact, flexible design for ease of use
- Hidden power-indicator light to confirm status at a glance
- Works with most cases so you still use your favorite case

PHILIPS
sense and simplicity

Attachable battery pack
For mobile phone

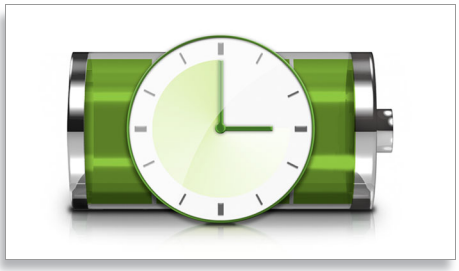

DLP2272/17

Highlights

Attaches with suction cups
The battery pack uses suction cups for secure attachment to the back of your device. They also allow for easy removal when not in use.

Compact, flexible design
The compact, flexible design means you can still comfortably use your device while the battery pack is attached and charging.

Double your battery capacity

Now you can talk, surf and enjoy the music and videos on your iPod or iPhone for nearly twice as long with double the battery capacity provided by the compact, lightweight battery.

Recharge your device's battery
Keep the battery pack on hand so you have the power to recharge the battery of your device wherever you are. Simply connect the battery pack for an easy and convenient recharge on the go.

Hidden power-indicator light
Discreet and energy conscious, the hidden LED light appears with the push of a button to let you know the power status of your battery pack at a glance.

Works anywhere
Even if you're not near a wall or car charger, you can recharge your device's battery with the convenient battery pack. The intelligent battery pack supplies power first, so you can remove the pack after use and still have a full battery on your device.

Mini-USB sync and charge cable
The included mini-USB cable connects to a USB charging unit - like your computer or a USB wall or car charger. When connected to your computer, the cable allows you to sync your iPhone or iPod with iTunes.

Works with most cases
The suction-cup design attaches easily to the back of your iPhone or iPod, as well as to most cases – so no bulky specialized case needed! This way, you're free to keep using your favorite case on your device and still enjoy the benefits of wire-free charging and backup power on the go.

Charge on contact
Simply place a wire-free battery pack onto a charging base to begin charging both the pack and your device on contact.

Meet the ChargeOn system
Power supplies cluttering up your life? Set up your ChargeOn system for effortless wire-free charging! Plug in a base where you typically power up: at your desk, in the kitchen, on your bedside table. Then use the attachable battery packs to free yourself from cables and have backup power everywhere you go.

Specifications

Power
- Output: 5 VDC, 0.5 A, 2.5 W
- Input: 10.5-18 VDC, 0.6 A

Packaging dimensions
- Packaging type: Box
