Magnetic Privacy Filter 14" 16:9

eSTUFF Magnetic Privacy Filter – Easy-On Privacy for Everyday Protection
Designed for laptops with bezels but without built-in metal frames, this magnetic privacy filter includes adhesive magnetic strips for quick and secure attachment to the top bezel. It's a practical solution for professionals who need reliable privacy on the go or in the office.

Clear View for You, Privacy from the Sides
Whether you're commuting, collaborating, or working in public spaces, the eSTUFF Magnetic Privacy Filter keeps your screen content private. Its advanced "black-out" technology ensures sharp visibility from the front while blocking side views beyond a 60-degree angle – protecting sensitive data from prying eyes.

Screen Protection with Touch-Friendly Surface
In addition to privacy, the filter helps shield your screen from scratches and everyday wear. Its smooth surface supports natural touch interaction, allowing for effortless swiping, tapping, and typing.

- Blocks side views beyond a 60-degree viewing angle
- Reduces 51% (±5%) of blue light transmission (blue ray wave 440-460 nm)
- Quick attachment and easy to remove
