

Healthcare Supplies Catalog

Effective July 10th, 2026.

At Zebra, we understand that precision and reliability are paramount in healthcare settings. That's why we offer an innovative range of labels, ribbons, wristbands, and environmental sensors designed to meet the unique demands of hospitals and clinics. Our genuine Zebra supplies are crafted from top-quality materials and adhesives, ensuring they can endure diverse storage conditions and maintain their integrity over time.

Discover our versatile labeling solutions that seamlessly adapt to all shapes and sizes - from delicate test tubes to tiny microscope slides, pliable IV bags, and everything in between. Whether it's specimen containers like vials and petri dishes or pharmacy unit dose containers, our labels ensure clarity and efficiency in every application.

But that's not all! Elevate your healthcare operations with our state-of-the-art environmental sensors, alongside specialized blood bag labels that adhere to ISBT 128 compliance standards, safeguarding your most critical assets.

Experience the Zebra difference - where innovation meets excellence in healthcare supplies. Transform your medical environments with our comprehensive solutions tailored to your needs.

Compatible with HC100 & ZD510-HC Printers

The ZD510-HC and HC100 are the easiest wristband printers to use on the market. Just insert the wristband cartridge containing Zebra Z-Band® wristbands and print. The smartchip in each cartridge allows automatic calibration. The ZD510-HC and HC100 instantly identifies the wristband size and automatically configures darkness and speed settings for optimal print quality and wristband durability. The result? No wasted wristbands. Support calls for wristband loading issues are virtually eliminated, and admissions personnel can focus on the patient, not printing wristbands.

Environmentally Friendly Wristband Cartridge: Supporting your Sustainability Goals

As well as designing our wristbands to enhance patient safety, we innovate to support your environmental, social and governance goals. Our new Environmentally Friendly Wristband Cartridge, for use with our HC100 / ZD510-HC Wristband Printers, is made from PET 1 material. PET 1 can be recycled in standard curbside collections, reducing landfill and promoting circular economy practices.

Mobile Specimen Collection

Zebra's mobile specimen collection solutions in healthcare streamline the process of collecting and labeling patient samples, ensuring accuracy and efficiency. Zebra printers such as the ZQ600-HC series, offer features like robust wireless connectivity, long-lasting battery life, and user-friendly interfaces, making them ideal for on-the-go healthcare environments. Paired with Zebra's high-quality supplies, including durable labels to withstand harsh hospital conditions, these printers help reduce errors and improve patient safety. The combination of reliable printing technology and top-notch supplies supports seamless integration into healthcare systems, enhancing overall workflow and ensuring accurate specimen tracking from collection to the lab.
