Ortronics

Stainless Steel Faceplate Industrial, 1-port single gang plate

Part No. 403IPSS11

The Legrand® range of industrial grade connectivity meets IP67 while supplying the quality cabling performance you have long associated with Legrand. Industrial grade jacks, patch panels and patch cords are available in Category 5e and 6 performance grades. A supporting offering of industrial grade faceplates and surface boxes include gaskets, seals and sealing plugs to support IP67 level protection through the equipment outlet. Industrial faceplates are stainless steel with gaskets. Industrial boxes utilize UL 94V0 chemically resistant plastic bases with stainless steel cover plates.

Features & Benefits

- Faceplates are stainless steel with gaskets resistant to UV, humidity, oils and moisture
- IP67 sealed industrial connectors with tethered protective caps

Specifications

General Info

Product Line	Ortronics	UPC Number	662875686187
Country Of Origin	Taiwan, Province Of China	Application Sector	Commercial
Standard	UL Standard	Type	Workstation

Dimensions

Product Width US	2.76 in	Product Depth US	0.22 in
Product Height US	4.53 in		

Technical Information

Number of Ports	12	Number of Gangs	2
