Ortronics

Mighty Mo® 20 Vertical Manager with Cover - 6 in W x 8.62 in D for 7 ft MM20 racks

Part No. MM20VMS706-B

The wire frame and rack unit finger design promotes efficient routing of patch cords between racks. Dual hinged snap-on covers allow easy access during moves, adds and changes. A 6"" wide cage is supplied with four cable management spools and 12 bend-limiting clips.

Features & Benefits

Vertical cage with individual rack unit fingers: Provides organized method for routing and storage of patch or cross connect cable between racks.

Mounted on the front flange between the Mighty Mo 6 racks when two or more are installed in a row, on a single rack or the end of a row: 6"" and 10"" widths create a channel between racks for front to back routing of equipment cables and patch cords.

All necessary mounting hardware included: Hanger clips hold the cage in place for easy and quick one person installation.

Dual snap on hinged covers: The door allows easy access during moves, adds and changes.

6"" and wider are supplied with four slack storage spools and 12 bend limiting clips: Improved bend limiting control for copper and fiber cords.

Specifications

General Info
