NAVEE V25i Pro

(IT version)

Long battery life & innovative tire texture
Max range up to 25km, fulfilling basic demand for daily commuting.
NAVEE's innovative tire texture, which minimizes rolling resistance, significantly reduces energy consumption.

Energy recovery system, no watt to waste
Every time the rider applies the brakes or decelerates, the integrated system captures and converts that energy into usable power.

10inch pneumatic tire, great shock absorption
10inch pneumatic tires, with good obstacle-surpassing ability, effectively absorb shocks.

Powerful motor, high performance
Max 600W powers the scooter to give you a stable riding experience.

Built-in turning indicators, additional safeguard
By showing the way you are going, the indicators ensure safety and decrease danger at every turn.

Double rotation folding, more space saving
NAVEE's symbolized folding design is adopted for compact storage. The volume ratio can reach 15% compared to before folding.

Smart floating screen, a better vision
4inch floating screen can be seen more clearly even under strong light outdoors. Basic information is easy to be read at a glance.

Smart App of NAVEE, more than convenient
Just one click unlocks more functions, such as auto-sensing headlights, motor lock function, taillight always on, etc.

Dual braking system, highly efficient
The front E-ABS with the rear drum brake, making the braking performance more stable and safer.

Enlarged size for more comfortable experience
New size of human body design makes the riding posture more stretched.
Adopted automotive-grade high-strength steel, the frame is more durable and stronger.

SPECS			
Weight	17kg	**Capacity Battery**	36V 5.2Ah
Dimensions	1140x570x1200mm（unfolded）	**Charging Time**	4h
	1140x160x505mm（folded）	**Max Range**	25KM
Rated Power	300W	**Max Payload**	100kg
Max Power	600W	**Water Resistance**	IPX5
Max Speed	20KM/H	**Brakes**	E-ABS system at front wheel, drum brake at rear wheel
Climbing Angle	15%	**Turning Light**	Yes
Riding Modes	Walking (6km/h)/ D(15km/h)/Sport (20km/h)		
Package Contents	Electric scooter, Battery charger, Allen Key
