MPN: MC-HDMIKVM0201-USB3-4K

4K@60Hz HDMI KVM switch, 2x1 4:4:4, USB 3.0

Upgrade your workspace or home entertainment setup with the HDMI 2x1 4K KVM Switch, designed for seamless switching between two HDMI-enabled devices. With support for 4K Ultra HD resolution at 60Hz (4:4:4) and 7.1 surround sound audio, this switch ensures stunning visuals and immersive sound. It features two USB-A ports for a keyboard and mouse, plus three USB 3.0 A ports to connect high-speed peripherals like external drives or webcams.

Designed for efficiency and convenience, this switch lets users share a single keyboard, mouse, and USB devices between two HDMI PCs or other compatible devices. Enjoy hassle-free control with two switching modes: manual port selection via front panel buttons or hotkey switching via the keyboard. Whether for work, gaming, or digital signage applications, this KVM switch delivers exceptional performance and connectivity.

- 4K Ultra HD Clarity – Supports 4K@60Hz (YUV 4:4:4) resolution, delivering crystal-clear video quality.
- Seamless USB Sharing – Two USB-A ports for keyboard & mouse and three USB 3.0 ports for high-speed data transfer up to 5Gbps.
- Multiple Control Options – Switch devices effortlessly using front panel buttons or hotkey commands via a keyboard.
- Premium Audio Support – Supports mic input & stereo audio output, plus Dolby TrueHD and DTS-HD Master Audio™ for superior sound quality.
- High-Performance Connectivity – Compatible with HDCP 2.2 & 1.4, HDR video, and 3D video formats for an advanced multimedia experience.
- Reliable & Fast Data Transmission – 18Gbps total bandwidth ensures smooth, uninterrupted performance across all connected devices.
