DEQSTER PaperFeel Screen Protector, iPad (10.Gen. / A16)

70-3054

Overview

The PaperFeel screen protector transforms the iPad (A16) and iPad 10.9" (10th Gen) into a natural writing tool. The special PaperFeel surface delivers a paper-like writing experience, while the anti-glare coating reduces reflections. Optimised for stylus input, it enables precise work without delay. Recycled PET makes it sustainable, lightweight and shatterproof.

Highlights

- PaperFeel surface – a natural writing experience, just like real paper
- Anti-glare coating – reduced reflections and improved readability in the classroom
- Optimised for stylus input – precise, lag-free use with Apple Pencil and DEQSTER Pencil
- Recycled PET material – sustainable, ultra-lightweight and shatter-resistant
- Easy, bubble-free installation – static adhesion, ideal for schools and classroom rollouts
