

BUSINESS DEVICES THAT ARE A CLASS APART

The mid-range ThinkPad L Series offers enterprise docking, enhanced security features and optional remote management capabilities.

ThinkPad L13 Gen 3 (Intel)

Smarter technology for all

Lenovo

Built for today's on-the-move professionals, the laptop – powered with up to 12th Gen Intel Core i7 processor, delivers the portability and performance mobile users need. Professionals get high-speed connectivity from any place with optional WiFi 6E support. Rapid charge of up to 80% in 1 hour and a long battery life of up to 8.9 hours give mobile users the freedom to work outdoors or while traveling without needing to worry about battery drain.

REASONS TO BUY

With up to 32GB DDR4 memory and up to 1TB SSD storage, professionals can render large files and work on graphic-intensive applications with ease. Plus, Thunderbolt 4 port can help transfer data with blazing-fast speed, as well as connect external monitors or peripherals.

WUXGA resolution ensures high-quality visuals, enabling users to view documents, presentations, and sheets with utmost clarity. With an optional multi-touch screen, zoom in on images or scroll through pages with utmost clarity.

Minimal preloaded applications mean maximum battery life and responsiveness for users, and faster deployment for IT admins.

ThinkPad L13 Gen 3 (Intel)
