MPN: XL-MSB

XL-MSB Tower. Mobile Telescopic Mast

Perfect base with a 9-metre mast for your Mobile CCTV TowerThe MSB-Premium XL Mobile Security Box has the same trusted specifications as our PRO model and is designed to protect unmanned sites and temporary installations where risks are higher.

With its 9-metre mast, it offers enhanced remote surveillance and lighting, giving a 3-metre height advantage over standard 6-metre towers.

Ideal for construction sites, industrial facilities, vacant properties, wind and solar farms, parking lots, stadiums, venues and public infrastructure, it helps detect intrusions early, reduce costly delays and maintain peace of mind without continuous on-site supervision.

Choose the XL-PRO when you need higher vantage, rapid deployment and reliable security coverage for high-risk or large-scale locations.

Note: Security equipment shown in the images is not included.9 metres total height, 3 metres higher than the PRO models.

To be transported with our specially designed trailers
