#### Intuitive and easy to use

- Easy access radio presets
- Ultimate convenience through easy setup
- AirStudio+ Lite to control music from your mobile device

PHILIPS

## Features

### AirStudio+ Lite App

Available from the Apple App store and Google Play, the App automatically detects mobile and other compatible devices connected to your home Wi-Fi network, giving you instant control of your music. Control music playback, volume and sound settings, as well as online music services and Internet radio from any device, anywhere.

### Internet radio stations

Now you can stay abreast of all kinds of music worldwide. Tune in to over 30,000+ Internet radio stations and expand your music enjoyment options.

### Online music service

Getting a subscription to online music services is one of the best ways to get your hands on a variety of music, including the latest releases. You can also access music anytime, anywhere, as long as there is an Internet connection. With the Philips Wireless Hi-Fi, you don't even need to turn on your computer to enjoy the online music service.
