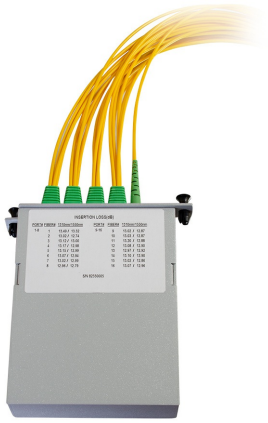
Ortronics

M4 1x16 Pol Splitter - SC/APC Connectors - 2m Pigtails

Part No. M4S1116SA092M



The M4 1x16 POL Splitter is a point to multipoint cassette designed to split 1 SC connector to 16 SC connectors over a Passive Optical LAN (POL) that provides the capability to securley deliver voice, data, and IP/broadband video. A POL is an alternative to a traditional Ethernet LAN and is widely accepted as an ideal replacement of old copper networks. A POL allows you to optimize your resources with a simple, space saving installation and provides benefits such as cost reductions, greater efficiencies, scalability and a clear upgrade path. -

Features & Benefits

Energy Efficiency: A POL uses unpowered optical components

Cost Reduction: A POL requires less power, cooling, and maintenance

Versatile Installation: Splitter cassette loads into front of enclosure tray drawer face or mounting bracket

Future Proof Infrastructure: Scalable and has a clear upgrade path

Specifications

General Info

Product Line	Ortronics	UPC Number	662875027423
Country Of Origin	China	Application Sector	Commercial
Standard	TIA-568-C.3	Type	Cassette

Dimensions

Product Width US	4.24 in	Product Length US	2.0 m

Additional Information

RoHS Compliant	Yes
