- 15-YEAR REPAIRABILITY AT A FAIR PRICE: We recommend repairing your product at our network of 6,200 repair centers worldwide so it can last longer

PRODUCT BENEFITS

Iron-like efficiency*
Our unique OptiFlow technology ensures iron-like results* in a single stroke, for garment care made easy.

OptiFlow technology
A new era of steaming: our OptiFlow technology combines steam, 360° suction and a heated soleplate for immediate perfect results.

3x faster results**
A garment steamer offering 3x faster results** with a 30-second heat-up time and the ability to steam a shirt in under 3 minutes.

Our easiest hand steamer
No need for a door hook or complicated set-up, with a detachable 200 mL tank for longer sessions and easy refills.

2-in-1 steaming & ironing
Made to cover all your garment needs, discover game-changing, versatile 2-in-1 vertical steaming and horizontal ironing.

All ironable textiles
The heated soleplate with 3 suction levels (steam only, soft suction, turbo suction) works on all textiles—even the most delicate.

Immediate wearability
Clothes are pleasantly dry and ready to wear immediately after steaming thanks to heated soleplate technology that reduces moisture.

Long steaming autonomy
A large 200 mL detachable tank delivers up to 16 min of continuous steaming, with quick and easy refills between sessions.

HOTSPOT

Heated soleplate

No temperature settings needed, ensuring safe results on all ironable textiles

Exclusive OptiFlow technology

Combines steam, 360° textile suction & a heated soleplate

3 levels of suction

Choose your perfect setting: Steam only, Steam + Soft Suction, or Steam + Turbo Suction, depending on your textile

Up to 16 min of autonomy

Long sessions with the 200 mL removable water tank

Maintenance free

Integrated filters capture dust and fabric particles, ensuring peak performance

Auto-off safety

Switches off after 8 min of inactivity for total peace of mind

**External laboratory December 2025 - in steam+turbo suction mode compared to Rowenta DW82 in 3 dots position, on fabric strips of cotton+polyester **External laboratory December 2025, in steam+turbo suction mode compared to Rowenta DR87 in Turbo mode, on fabric strips of cotton+polyester*
