- High light quality with strong light output
- Warm white light effect

Special characteristics
- Dimmer on article
- Rotates freely in any direction

Sustainable light solutions
- Extremely long operating life
- Energy saving

PHILIPS

Highlights

Forms and materials

Offering multiple styles to blend perfectly into anyone's home, the Philips inStyle lighting fixtures are designed to match a wide range of interior decorations. With a range of applications and finishes available, they combine well with features such as curtains, furniture, paint and accessories to complete the look you want. Careful attention to detail and design help you to express your personal style and perfect your interior decoration, creating an inviting ambiance that you and your friends and family will enjoy.

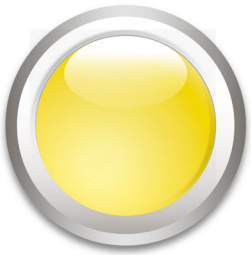
Multiple applications

If you enjoy design, and like to experiment with the latest styles and themes in your home, try Philips inStyle. It's a range of decorative suspension lights, wall lights, ceiling lights, floor and table lamps in premium materials and different colours.

High Power LED

The LED module of this lamp is a uniquely developed solution by Philips, combining 3 LEDs in a synthetic and aluminium housing. This technique enables an optimal light output and a 100% uniform light colour.

Warm white light effect



Light up your home with warm white light effects thanks to the latest LED innovation. Philips introduces the latest generation of high-power LEDs, providing a warm white light reaching a colour temperature of 2700 Kelvin. This innovation brings the Philips lighting fixtures to the next level, allowing you to combine elegance and ambience creation with light and energy efficiency.

High light quality

An LED lighting module of 7.5 W produces the equivalent light output as a 40 W incandescent lamp (350 Lumen). Save energy with strong light output.

Dimmer on article

A dimmer is provided on the lamp itself, allowing you to simply adjust the light to the way you want it.

Energy saving

This Philips light conserves energy compared to traditional light sources, helping you to save money on your electricity bills and do your bit for the environment.

Specifications

Design and finishing
- Material: aluminium
- Colour: white

Extra feature/accessory incl.
- PowerLED integrated
- Defined light beams
- Dimmer on article
- Portable
- Rotates freely in any direction

Product dimensions and weight
- Height: 160 cm
- Length: 20 cm
- Width: 20 cm
- Net weight: 6.300 kg

Technical specifications
- Mains power: Range 220 V–240 V, 50-60 Hz
- Bulb technology: LED, Safety Extra Low Voltage
- Number of bulbs: 3
- Wattage bulb included: 7.5 W
- Maximum wattage replacement bulb: 7.5 W
- Light colour: 2700K warm white
- Lamp lifetime up to: 20,000 hrs
- Beam angle: 35°
- IP code: IP20, protection against objects bigger than 12.5 mm, no protection against water
- Class of protection: II - double insulated

Service
- Warranty: 2 year(s)

Packaging dimensions and weight
- Height: 24 cm
- Length: 165.1 cm
- Width: 22.8 cm
- Weight: 8.400 kg
