Highlights

Car manufacturers' choice

For 100 years, Philips has been at the forefront of the automotive lighting industry, introducing technological innovations that have become standard on modern automobiles. Today, one in two cars in Europe and one in three worldwide is equipped with Philips lighting.

Designed for multiple usage

Which 12-V lamp for which application? Philips' Automotive offering includes all car-specific functions: numberplate lights, rear position/parking light, glove box lights, interior signalling, front parking lights, Daytime Running Lights.

ECE homologation

Philips automotive products and services are considered best in class in the Original Equipment Manufacturer market and the aftermarket. Manufactured from high-quality products and tested to the highest specifications, our products are designed to maximise the safety and comfort of our customers' driving experience. Our entire product range is thoroughly tested, controlled and certified (ISO 9001, ISO 14001 and QSO 9000) to the highest ECE requirements. Put simply, this is quality you can trust.

Extended lifetime

LongLife EcoVision indicator and interior lights are the best choice for drivers seeking optimal value. Their increased lifetime combined with high heat and vibration resistance guarantees a hassle-free drive for extended periods of time.

Specifications

Base: BAY15d
Designation: P21/5W LongLife EcoVision
ECE certification
Range: LongLife EcoVision
Technology: Conventional
Type: P21/5 W

Lifetime

Life time: Up to 2000 h

Light characteristics

Lumens: 35 lm

Electrical characteristics

Wattage: 5, 21 W
Voltage: 12 V

Ordering information

Order entry: 12499LLECOB2
Ordering code: 38212930

Packaging Data

Packaging type: B2
EAN1: 8727900382129
EAN3: 8727900382136

Packed product information

Height: 12.9 cm
Net weight per piece: 10 g
Pack Quantity: 2
MOQ (for professionals): 20

Outer pack information

Width: 13.5 cm
Height: 13.1 cm
