Highlights

Illuminated water window

Kettle body radiates an elegant blue light once the kettle is switched on.

Spring lid

Spring lid with large opening for easy filling and cleaning, also avoiding steam contact.

Easy lid and spout filling

The kettle can be filled via the spout or by opening the lid.

Flat heating element

The stainless steel concealed element of the Philips kettle ensures fast boiling and easy cleaning.

Anti-limescale filter

The removable anti-limescale filter ensures the water you pour into your cup is clean.

Water level indicators

Easy-to-read water level indicators on both sides of the Philips electric kettle for left- and right-handed use.

Stainless Steel Body

Multi safety system

Multi safety system against boil-dry, with auto switch-off when ready

Cordless 360° pirouette base

Cordless 360° pirouette base for easy lifting and placing.
