Giving light a new experience

with this suspension light

Graceful lines and an elegant matt chrome color describe this minimalistic Philips Ledino suspension light. It casts powerful warm white LED light and you can dim the light for a stunning ambiance. Its unusual shape brings a modern look into your home.

Benefits

Elegant design meets innovative technology

- Fusion between light and design

High quality light

- Warm white light
- High light quality with strong light output
- Diffused light effect
- Adjustable light intensity with dimmer switch

Sustainable light solutions

- Extremely long operating life
- Saves up to 80% energy

Special characteristics

- Adjustable height

Features

Light and design

This design lamp has light with a minimalist essence that defies traditional boundaries, creating light and lightforms of inspiring purity and beauty.

PHILIPS

Warm white light

This light uses the very latest lighting technology by Philips with the new warm white state-of-the-art high power LEDs providing a glow of light with a colour temperature of 2700 Kelvin.

High light quality

A LED lighting module of 7.5W produces the equivalent light output as an 40W incandescent lamp (350 Lumen). Save energy with strong light output.

Diffused light effect

The diffused light of the Philips lamp will illuminate your room with warm white light, allowing you to combine functionality and respect for the environment.

Dimmable

Adjust the light intensity of the Philips LED lights with a dimmer switch (not included). This makes this light ideal for creating an ambience for any occasion, whether a cosy meal à deux or chilling out with family and friends in your living room. Philips tested a number of wall dimmers that have proved to be compliant with our LED lights. A list of compatible dimmers is available in the downloads and support section.

Extremely long operating life

A light source you can trust. Philips LED lights offer an extremely long-life of at least 20.000 hours (which equals 20 years on basis of an average use of 3 hours / day with an amount of at least 13.000 on/off switching cycles). With the Philips LED lights you won't have to worry about maintenance or lamp replacement while having the perfect light ambiance in your home.

Saves up to 80% energy

The LED lighting technology used in Philips lighting fixtures is highly energy-efficient (7.5 W module produces 350 Lumen). As a result, every lighting fixture conserves energy, helping consumers to save money on their electricity bills and contribute to preserving the environment. For home lighting that's energy-efficient and provides great light in a range of contemporary designs, look for Philips LED products.

Adjustable height

This Philips light is delivered with long cables to offer you a maximum flexibility during installation. Choose the perfect height matching your needs.

Specifications

[field not found 'disclaimer_text']

Design and finishing

Material	metal
Color	matt chrome

Extra feature/accessory incl.

Dimmable	YES
LED integrated	YES
Adjustable height	YES

Product dimensions & weight

Height minimum	0.1 cm
Height maximum	158 cm
Length	63 cm
Width	63 cm
Net weight	1.560 kg

Technical specifications

Mains power	Range 220 V - 240 V 50-60 Hz
Bulb technology	LED Safety Extra Low Voltage
Number of bulbs	3
Wattage bulb included	6.5 W
Light color	warm white
Lamp lifetime up to	20,000 hrs
Beam angle	85°
Total lumen output fixture	630 lm
Fixture dimmable	Yes
LED	Yes
Built in LED	YES
IP code	IP20 protection against objects bigger than 12.5 mm no protection against water
Class of protection	I - earthed
Light source equivalent to traditional bulb of	42 W

Service

Warranty	2 year(s)

Packaging dimensions & weight

Height	69.3 cm

Length	68.3 cm
Width	5.5 cm
Weight	2.280 kg

Style	Modern
Type	Suspension light

Miscellaneous

Especially designed for	Living- & Bedroom
