Highlights

Duo plate

The duo plate is reversible and therefore lets you cook with either a ribbed or smooth grilling surface, so that you can enjoy your food exactly the way you like. The smooth plate is suitable for cooking small pieces of food. The ribbed surfaces create that irresistible flame-grilled effect on your pieces of meat.

Grease tray

Excess grease is drained into a dishwasher-safe grease tray

Non-stick grilling plate

Non-stick surfaces allow you to cook without any added oil, so you only taste the flavour of the food

Sloped grill body

Sloped grill makes the excess fat flow into the grease tray, therefore decreasing the smell and smoke

Adjustable thermostat

Wide temperature range (70°C to 230°C) so you can choose the ideal temperature for each ingredient, ensuring perfect results for all food

Dishwasher-safe grilling plate

Dishwasher-safe plate, which is detachable, enables easy cleaning
