- Control lights with your voice

Issue date: 2026-08-05 Version: 0.254

Highlights

Paint your outdoors

With Philips Hue outdoor lighting there's no limit to the magic you can add. Play with 16 million colors and all shades of white light to create the effect you want. Highlight objects, trees or pathways to make your space stand out. Use the Hue app to save your favorite light settings and recall them whenever you want with the tap of a finger.

Control lights away from home

The Hue app gives you complete control over your lights, even if you're not home. Switch your lights off and on remotely using just the app to ensure your home is always lit the way you want it.

Come home with light

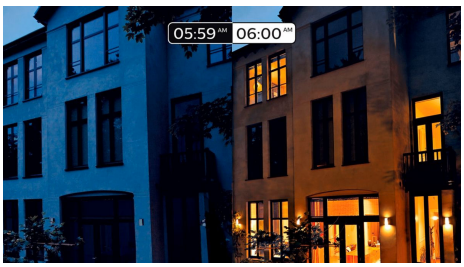

Set your Philips Hue app to recognize when you're nearing home. Before you even step out of your car or walk up the path, your selected smart lights turn on automatically.

Make it look like you're home

Use the Philips Hue app to schedule light routines whenever you're away. Your smart lights will turn on at the times you've selected • and sometimes a few minutes before or after • to truly mimic your presence in the house.

Sync with sunrise and sunset

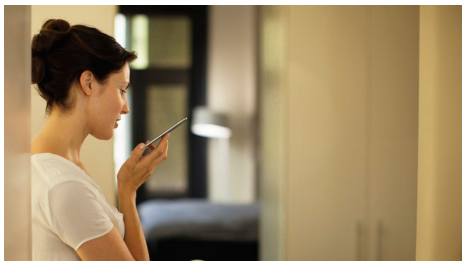

Coordinate your smart lights with the sun or ensure you get more light out of your day. Set timers to turn your lights on and off whenever you'd like, or simply sync your lights with the sunrise or sunset.

Connect to the Hue Bridge

This product requires a connection to the Hue Bridge to unlock the full smart control and features. Control your lights using the Philips Hue app, set timers, routines, add or remove lights and more. *Hue Bridge sold separately

Control with your voice

When connected to the Hue Bridge, you can pair your lights with Alexa, Apple HomeKit, and the Google Assistant and control your lights using just your voice. Simple voice commands let you turn your lights on and off, dim or brighten your lights, and even set a light scene.
