Bulb

- White and colored light
- Instant control via Bluetooth
- Control with app or voice*
- Add Hue bridge to unlock more

046677577520

Easy smart lighting

Handblown and made of crystal-clear glass, Lightguide bulbs are a statement piece. The reflections from its inner tube and coating play off of each other, creating a unique light effect that perfectly complements its unique vintage-style shape.

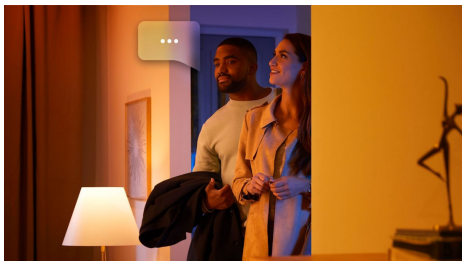
Easy smart lighting

- Control lights with your voice*
- Create a personalized experience with colorful smart light
- Unlock the full suite of smart lighting features with the Bridge
- Designed to be on display

Issue date: 2026-08-05 Version: 0.167

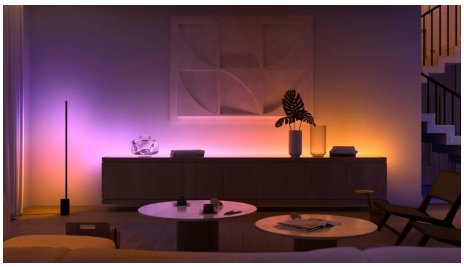
Highlights

Control lights with your voice*



Philips Hue works with Amazon Alexa and the Google Assistant when paired with a compatible Google Nest or Amazon Echo device. Simple voice commands allow you to control multiple lights in a room or just a single lamp.

Create a personalized experience with colorful smart light



Instantly set the mood for any occasion with 16 million colors of light. Transform any room for an immersive entertainment experience, create the perfect atmosphere for a get-together with friends, or complement your home decor.

Unlock the full suite of smart lighting features with the Bridge

The Bridge unlocks the features that make smart lighting truly smart — away-from-home control, voice control, automated lighting, and much more. Add a Bridge to your setup to create immersive experiences, tap into technology that's secure and reliable, and more. The Bridge is the key to smart lighting like you've never seen before.

Designed to be on display

With a glowing inner tube, glossy finish, and unique shapes, Lightguide bulbs are the epitome of modern style. The inner tube can shine any of millions of colors of light, and the reflective glass finish makes the bulb shine even brighter.

Specifications
