- Cancel button stops toasting at any time
- Defrost and toast in one go or reheat just toasted bread
- High lift feature to safely take out smaller pieces
- Removable crumb tray for easy cleaning
- Variable width self-centred slots for evenly toasted bread

Highlights

Adjustable browning control

Adjust the heat level to your preference and get your toast the way you want it.

Automatic safety shut-off

The toaster will automatically shut off if the bread gets jammed inside.

Cancel button

Defrost and reheat buttons

The defrost button on your toaster allows you to defrost and toast in one go, and the reheat button warms cold bread or further browns freshly toasted bread.

High lift feature

This feature allows you to lift smaller pieces of bread even higher to take them out safely.

Removable crumb tray

Is easy to clean thanks to its removable crumb tray.

Wide self-centred slots

Philips toaster with self-centred slots allows you use thick or thin slices that stay in the centre for evenly toasted bread.
