Accessories
- USB cable: for charging
- 3.5mm audio cable

Power
- Battery type: Built-in lithium

Packaging dimensions
- Packaging dimensions (W x H x D): 12.8 x 10.3 x 4.1 cm
- Gross weight: 0.279 kg
- Nett weight: 0.253 kg
- Tare weight: 0.026 kg
- Packaging type: Display
- Number of products included: 1
- Type of shelf placement: Laying

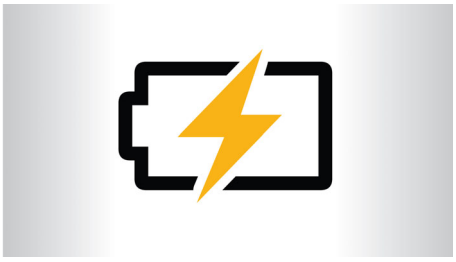
Product dimensions
- Product dimensions (W x H x D): 11.8 x 6.7 x 3.1 cm
- Weight: 0.143 kg

Highlights

USB/MicroSD card
Simply load the USB or MicroSD card with the desired content, plug it into your player - and never have to worry about running out of entertainment choices again.

1.5W RMS output power
This system has 1.5W RMS total output power. RMS refers to Root Mean Square which is a typical measurement of audio power, or rather, the electrical power transferred from an audio amplifier to a loudspeaker, which is measured in watts. The amount of electrical power delivered to the loudspeaker and its sensitivity determines the sound power that is generated. The higher the wattage, the better the sound power emitted by the speaker.

Built-in rechargeable battery



Play music out loud - anytime, anywhere. The built-in rechargeable battery lets you enjoy your personal music without the fuss of entangled power cords and the inconvenient search for an electrical outlet. Enjoy great music with the freedom of portability now.
