Philips
Wall light

33605/31/16

Express yourself with light

lightforms inspired by architecture

A chunky white cube with rounded edges shaped from a heavy duty slab of pure white aluminium. Inside is a warm white eco-halogen lamp that can be repositioned to direct the beam of light. As solid as a rock, with a quality of light to match.

When design reveals the beauty of architecture

PHILIPS

Highlights

Architectural style
Arcitone opens up the world of homes to architectural style. Its sleek, streamlined shapes and clean, defined lines are simplicity itself. Arcitone's flawless forms offer exacting standards of professional finish, without so much as a blemish or visible screw to spoil the premium look.

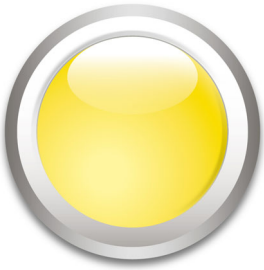
Unique look and feel
Arcitone's iconic look matches contemporary environments perfectly, making light an essential feature of interior design. Its extraordinary light forms incorporate a palette of sophisticated colours, premium materials and elegant designs, all readily available to mix and match in stylish interiors.

Light enhances architecture
Arcitone reveals the beauty of light, enhancing the experience of home illumination and design.

Dimmable

Philips ecohalogen luminaires are dimmable, which means that their light level or light tone can be adjusted with a dimmer switch.

Brilliant high-quality light



Philips eco halogen lamps offer brilliant light to highlight features or create a nice ambience in your room while saving energy compared to traditional halogen lamps.

Saves up to 30% energy

Every Philips ecohalogen lamp conserves energy, helping you to save money on your electricity bills and do your bit for the environment.

Lifetime

Ecohalogen lamps last up 2000 hours.

High quality material

Arcitone's flawless forms offer exacting standards of professional finish, without so much as a blemish or visible screw to spoil the premium look. It uses high quality material built to last.

Directional light sources

Hidden light sources, these sparkling lamps can be oriented to the desired direction, for adjusted light effects.

On/off switch on article

With the button discreetly integrated into the article, you can easily switch the light on and off.
