- 1.8 m power cord
- Universal voltage

PHILIPS

Curler
CurlCeramic 16 mm

HP8602/03

Highlights

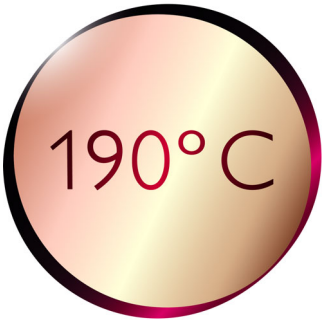
Vivid, bouncy curls

With a barrel diameter of 16 mm, you can create bouncy curls and ringlets that are full of life, giving you a fun-looking and youthful style.

Gentle on your hair

Protective ceramic coating ensures even heat distribution and less hair damage for shiny and soft hair.

190°C top temperature



Top temperature of 190°C guarantees optimal results, while minimising hair damage.

Safe usage

Some hair straighteners and curling irons have been equipped with an automatic shut-off feature. This feature has been designed to provide peace of mind. If left on, the appliance will automatically switch off after 60 min.

Ready-to-use indicator

The LED light stops blinking when the curler has heated up and is ready to use.

Cool tip

The tip of the styler is made from a special heat insulating material to keep it cool; you can safely hold it while you're styling for optimal ease of use.
