

Digi-TVa

DVB-T, no Internet connection required

Part No.: 161879

Transform your Android Smartphone or Tablet into a Portable TV

Watch live TV right on your Android smartphone or tablet — including Samsung, HTC, LG, Sony, Nexus and more — with the new Digi-TVa from Manhattan. The Digi-TVa is a compact receiver that picks up broadcast digital TV so you can enjoy live sports, shows, news and entertainment on your favorite portable device while on the go. A free Digi-TVi app lets you tune in without wires or even an Internet connection, and it has no special cables or chargers to worry about.

Features:

- Receive free digital video broadcasts on Android devices
- Supports DVB-T broadcast format
- Compact design requires no external power for clear, crisp reception almost anywhere
- No Internet connection required after initial setup
- Free installation and TV tuning app
- Three-Year Warranty

Specifications:

Digital TV Dongle
• 2 antenna styles (rod and telescopic) for different country requirements
• Supports MPEG-2 and MPEG-4 / H.264 video in standard definition
• Supports DVB-T radio, if available
• High-definition channels, encrypted programs and DVB-T2 broadcasts are not supported
• 4 x 2 x 1 cm (1.6 x 0.8 x 0.4 in.); 6 g (0.2 oz.)
