One fixture. Your switch. Three light settings.

Changing the ambience in your room has never been easier. The Philips' SceneSwitch LED ceiling light lets you set the mood with three unique settings. The combination of main and indirect light give you options that are perfect for your get-together, concentrate and cosy moments. No dimmer or installation required – all you need is your existing switch

Easy to experience
- Easy installation

Light effect
- Indirect light
- Triple-zone light
- Soft harmonious light

Premium quality
- EyeComfort – light that's easy on the eyes

Highlights

Easy installation
No more hassle with installation. Just fix or hang securely on the wall or ceiling, and plug it in. Your new light fitting is now ready to light up your room!

Indirect light
The Volcano lamp shade decorates your space and softly reflects light.

Triple-zone light
The triple-zone light source gives you the flexibility to create the ambience you want.

Soft harmonious light
The right combination of indirect and direct light diffuses a warm glow throughout your space with no glare.

EyeComfort
Poor quality light can cause eye strain. With many of us spending time indoors, it's more important than ever to properly light your home. Our products meet stringent test criteria including flicker, strobe, glare, colour rendition and dimming effects to ensure they
meet EyeComfort requirements. Philips LED bulbs not only deliver comfortable light, but also stay that way for the duration of their lifespan, delivering consistent light quality, output and colour for more than a decade. Switch to light that's easy on your eyes. Your eyes will thank you.
