# Eron makes heads spin

With the Eron table lamp all details have been reduced to keep only the essential, bringing light very discreetly into your home interior. The anti-glare LED disc can be turned in any direction to direct light into the darkest corners.

## Benefits

### Innovative lighting

- Anti-glare LED disc
- Energy saving
- Warm white light effect

### Special characteristics

- On/off switch on article
- Rotates freely in any direction

product design award 2013

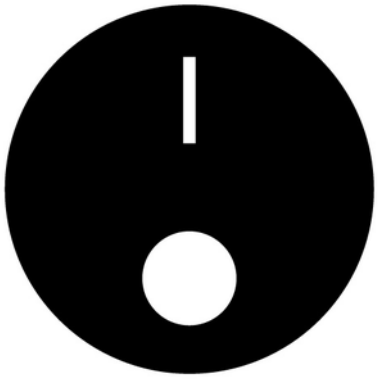
PHILIPS

## Features

### Anti-glare LED disc

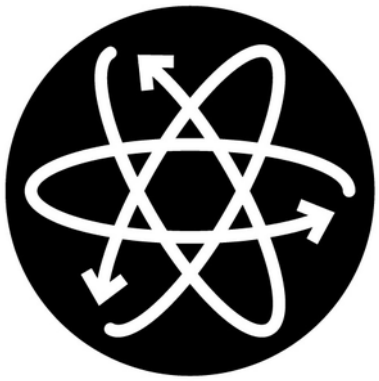
This light features the latest innovation in LED lighting: a flat anti-glare LED disc. This is a stunning array of six high-output LEDs mounted on a gorgeous ultra-thin disc. It directs stray light away from eyes and onto work surfaces without decreasing the brightness level.

### On/off switch on article



With the button discreetly integrated in the article, you can easily switch the light on and off.

### Rotates freely



You can rotate the lamp head of the lighting fixture in the desired direction and direct light where needed.

### Energy saving

This LIRIO by Philips light conserves energy compared with traditional light sources, helping you to save money on your electricity bills and do your bit for the environment.

### Warm white light effect

Light up your home with warm white light. Lirio by Philips introduces a generation of warm white high-power LEDs. This innovation brings our lamps to the next level, allowing you to combine elegance and ambience creation with light and energy efficiency.
