CLLSPKP21BTW

Portable Wireless Stereo Speakerphone

The Conceptronic Portable Wireless Stereo Speakerphone is a Wireless 2.1 Bluetooth multimedia device which can be connected wirelessly to a Bluetooth mobile phone, PDA, laptop or PC. As well as playing your favourite music, the speaker also enables hands-free speech in the office or home, offering top quality audio and voice clarity. Suitable for low-power USB devices, the speakerphone has a range of up to 10 metres. With a hardy, compact design, this versatile speakerphone is an ideal travel solution as well as a super-handy device for around the house.
