

Philips Voice Tracer digital recorder with AutoAdjust recording

VOICE TRACER

DVT3000

Precise conversation recording

with automatic audio settings

Different environments require different audio settings for an optimal recording quality. Thanks to Voice Tracer 3000's AutoAdjust recording, the audio signal is measured to adapt perfectly to the recording environments.

Superior audio quality

- AutoAdjust recording for automatic sound parameter setting
- High-quality microphone for utmost speech clarity
- Stereo MP3 recording for crystal clear playback
- Metal microphone grille for crystal clear sound quality

Easy and intuitive experience

- Plug and play in Windows, Mac OS and Linux
- Calendar search for easily finding captured recordings
- Integrated fold-out stand for easy device positioning
- Large display for clear recording status information
- Rechargeable batteries included for economic recording

Designed around you

- 2 GB memory built-in for up to 22 days of recording
- Up to 48 hours battery runtime for extra long recordings
- Micro SD memory card slot for virtually unlimited recording

PHILIPS

Highlights

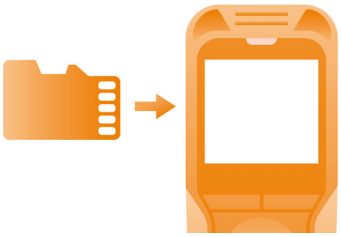
2 GB memory built-in

With the 2 GB of built-in memory, your Voice Tracer is able to capture up to 22 days of continuous recording.

High-quality microphone

The built-in stereo high-quality microphones produce far better and clearer recordings than standard microphones found in other devices. The recording sensitivity is increased, thus picking up more voice signal without compromising sound quality.

Micro SD memory card slot



Virtually unlimited recording capacity thanks to a micro SD memory card slot supporting up to 32 GB of additional memory.

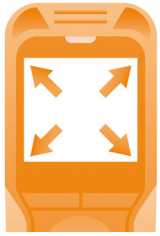
Plug and play

Your VoiceTracer just works - Plug and Play in Windows, Mac OS and Linux.

Integrated fold-out stand

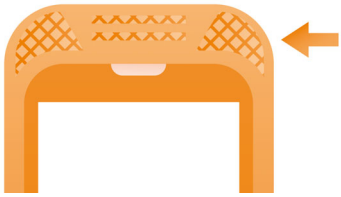
With the integrated fold-out stand on the back of the Voice Tracer, you can conveniently position your voice recorder towards the sound source.

Large display



The high-resolution dot matrix display built into the Voice Tracers supports 8 languages and provides clear recording status information.

Metal microphone grille



A well-engineered microphone grille is able to make a good microphone stand out even more. The grille built into the new Voice Tracers guarantees crystal clear recordings.

Extra long battery runtime

The batteries of the new Voice Tracers last for up to 48 hours for extra long recording sessions.

Rechargeable batteries

The new Voice Tracers come with rechargeable batteries for more than 50 hours of continuous recording. Additionally, you can help protect the environment by simply recharging the batteries of your device using USB instead of buying new batteries.

Specifications

Audio recording
- Built-in microphone: high-sensitivity, HQ Stereo, low-noise microphone
- Recording formats: MPEG1 layer 3 (MP3), PCM (WAV)
- Recording modes: PCM 1411 kbps, SHQ 192 kbps, HQ 96 kbps, SP 64 kbps, LP 8 kbps
- Sample rate: 44.1 kHz (PCM/SHQ), 22 kHz (HQ), 16 kHz (SP/LP)
- Bit rate: 8, 64, 96, 192, 1411 kbps
- File overwrite and append mode
- Record monitor function
- Recording time: 562 h (LP), 70 h (SP), 47 h (HQ), 23 h (SHQ), 3 h (PCM)
- Silent recording mode
- Prerecording mode

Sound
- Sound enhancement: ClearVoice
- Frequency response: 50–20,000 Hz
- Signal-to-noise ratio: > 60 dB
- Speaker output power: 300 mW
- Speaker diameter: 28 mm

Accessories
- USB cable
- Quick start guide
- 2 x AAA rechargeable batteries
- Stereo headphones

Connectivity
- Headphones: 3.5 mm
- Microphone: 3.5 mm, Built-in microphone, Microphone socket
- Micro-SD card socket
- USB: High-speed USB 2.0

Convenience
- Firmware upgradeable
- Keypad lock
- Multi language: English, French, German, Spanish, Italian, Russian, Polish, Simplified Chinese
- Variable playback speed
- Voice volume indicator
- Voice-activated recording
- Auto adjust recording
- Calendar search
- Instant one-touch recording
- Optimised for notes
- Optimised for conversations

Design and finishing
- Colour(s): silver shadow/black

Display
- Backlight
- Diagonal screen size: 38 mm/1.5 in
- Resolution: 112 x 112 pixels
- Type: Dot matrix LCD

Green specifications
- Lead-free soldered product

Power
- Batteries included
- Battery lifetime: up to 48 hours in LP recording mode
- Battery type: Philips AAA Ni-MH LFH9154
- Number of batteries: 2
- Rechargeable: yes, via USB

Storage media
- Built-in memory capacity: 2 GB
- Built-in memory type: NAND Flash
- Mass storage class compliant

System requirements
- Free USB port
- Operating system: Linux, Windows 7 (32/64-bit), Windows Vista (32/64-bit), Windows XP (32-bit, SP2+), Mac OS X

Music playback
- Compression format: MP3, WMA
- Equalizer settings: Jazz, Pop, Rock
- ID3 tag support
- MP3 bit rates: 8–320 kbps
- WMA bit rates: 48–320 kbps (44 kHz)

Product dimensions
- Product dimensions (W x H x D): 1.6 x 4.6 x 0.8 inch
- Product dimensions (W x H x D): 4.1 x 11.7 x 2 cm
- Weight: 0.06 kg
- Weight: 0.132 lb

Issue date 2014-02-28

Version: 1.3.2

12 NC: 8403 300 00003
UPC: 6 09585 22791 0
