Hardshell protective armor conveniently nests for uncompromised in-use performance.

Product Features

1. Dual-density, bi-component armor provides anti-shock drop protection
2. Outer shells nest securely together for slimline handheld use with full access to camera, ports and controls
3. Case flips from closed to ready-for-use in one simple motion
4. Rubberized inlay for ergonomic grip and non-slip stability on lap or table surface
5. Adjustable viewing and typing angles with superior stability
