Highlights

Aromaswirl

The Aromaswirl is the smart nozzle inside the jug of this Philips coffee machine. The Aromaswirl mixes the inflowing coffee evenly with the coffee inside the jug for an optimal and consistent aroma.

Protective buffer ring

The buffer ring around the Philips aroma jug adds a protective layer around the glass and will improve its stability.

Glass aroma jug

The Philips Aroma jug is made of glass and designed to optimally preserve the coffee flavor.

Cord storage

Storing the cable under the coffeemaker will avoid cable clutter for a clean kitchen work top.

Detachable swing filter holder

Easy opening and filling of coffee due to a swing filter holder. The filter holder is also detachable, for easy cleaning.

Dishwasher-safe parts

All parts of this Philips coffeemaker are dishwasher-safe for easy and convenient cleaning.

LED power switch

Light indicates that the Philips coffee machine is switched on.

Water level indication

The coffee machine's water level indication allows for easy filling of the water tank.
