- Provides a soft, diffused level of light

Easy to use
- Instant on
- Dimmable***

A smooth design for a seamless look
- Sleek, lightweight design with integrated LED bulb

PHILIPS

Features

Instant on

Just by flipping the switch, your room is at full brightness. No slow starting or waiting.

Dimmable***

This lamp can be used with most dimmers to create your desired ambience with smooth dimming to 10% of full light levels.

45,000-hr rated average life**

By using this ENERGY STAR approved LED Downlight, you can reduce the hassle of frequently replacing your light bulbs. It will last 45,000 hours.

Soft, diffused white light

This dimmable LED downlight his bulb produces a soft, diffused level of white light similar to a halogen bulb. It emits virtually no UV/IR light in the beam, and will not fade fabrics or furnishings.

Reduces energy costs

This dimmable downlight saves 60 watts of energy when compared to a 75 watt halogen BR40***

Sleek design for LED bulb

Can replace T8 or T12 linear fluorescent applications, and simple rewiring allows this lamp to run directly off mains voltage** and allows fixture to maintain original UL Compliance.
