

Philips
Ceiling light

32017/87/16

Freshen up with beautiful natural light

Feel the light and let the Philips myBathroom Celestial ceiling light embrace you. The warm, diffused light will caress you with its touch, while reflecting your skin colour accurately with the quality opal diffuser.

Benefits

Designed for your bathroom
- True skin colour with high-quality light
- IP21, perfectly suited for your bathroom

Sustainable light solutions
- Warm white light
- Philips bulb always included
- Adjustable light intensity with dimmer switch
- Energy saving

Features

True skin colour

This Philips bathroom light makes colours reflect in a natural and accurate way, just the way the sun would do.

Warm white light

Light can have different colour temperatures, indicated in units called Kelvin (K). Lamps with a low Kelvin value produce a warm, more cosy light, while

those with a higher Kelvin value produce a cool, more energising light. This Philips lamp offers warm white light for a cosy atmosphere.

Philips bulb always included

High-quality Philips EcoClassic energy-efficient light bulbs are included in the box for achieving the best light effect.

Dimmable

Adjust the light intensity of this Philips light with a dimmer switch (not included).This makes the light ideal for highlighting a feature or creating an ambience for any occasion, whether a cosy meal à deux or chilling out with family and friends in your living room.

Energy saving

This Philips energy-saving lamp conserves energy compared with traditional light sources, helping you to save money on your electricity bills and do your bit for the environment.

IP21 - bathroom-safe

This Philips bathroom light is especially designed for humid environments. It was tested rigorously to ensure its water resistance. The IP level is described by two figures: the first one refers to the protection level against dust, the second against water. This bathroom light is designed with IP21: it is protected against dripping water.

Specifications
