- USB Direct for MP3/WMA music playback

Easy to use
- Dock any iPod/iPhone, even in its case
- Single remote control for the system and iPod
- Wake up and sleep timer functions

PHILIPS

Features

Play & charge your iPod/iPhone

Play your favorite music from your iPod / iPhone. Your iPod / iPhone will be charged when it is in the docking station, so you are always ready to use it when you are ready to go.

240W RMS total power

Dock iPod/iPhone in its case

Smartly designed spring-loaded docking port effortlessly accommodates any iPod or iPhone, without special adaptors. What's more, it works even when most protective cases are on – just dock your iPod or iPhone as it is. Now you can truly have fuss-free enjoyment of your music.

MAX Sound

MAX Sound technology produces an instant boost in bass, maximizing volume performance and instantly creating the most impressive listening experience with just the touch of a button. Its sophisticated electronic circuitry calibrates existing sound and volume settings, instantly boosting bass and volume to maximum levels without distortion. The end result is a noticeable amplifying of both sound spectrum and volume and a potent audio boost that will add mileage to any music.

USB Direct

With the USB Direct mode, simply plug in your USB device to the USB port on your Philips device and your digital music will be played directly from the Philips device.
