Highlights

Even light distribution

With the customised optics in Philips EyeCare desk lamps, you get light that is diffused and evenly distributed across your workspace. This reduces uneven lighting and dazzle, which normally leads to tired eyes and general eye fatigue.

Reduces glare and eye strain

The combination of customised optics and high-quality cool white LED light in this Philips EyeCare desk lamp helps to reduce glare and eye strain. Comfortable and with no visible flickering, it helps to support optimal eye comfort.

Cool daylight

Various findings have pointed out that a cool daylight colour temperature of 5500K and up to 1000 lux promotes concentration by maintaining energy levels and alertness with natural light levels.

3-step dimming adjustment

When it comes to the intensity of light required for reading or doing tasks, preferences differ. As such, this Philips EyeCare desk lamp comes with 3-step dimming adjustment to allow you to do just that.

Specifications

Design and finishing
- Material: synthetics
- Colour: grey

Extra feature/accessory incl.
- Dimmer and on/off switch on article
- LED integrated
- Defined light beams
- UK plug included
- Tiltable head (up-down)
- Anti-glare light source
