- black metal

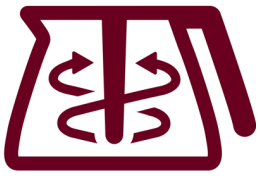
Delicious hot coffee, in our iconic design

Aroma Swirl circulates coffee for optimal blend

- The aroma twister circulates the coffee for an optimal taste
- A rich coffee flavour due to a concentrated water flow
- A drip stop to pour a cup of coffee whenever you like
- Swing filter holder for easy filling of coffee
- Cable storage compartment for easy placement in your kitchen
- A water level indication for easy filling
- Dishwasher-proof parts for easy cleaning

Highlights

Aroma twister



This smart nozzle inside the jug circulates the inflowing coffee evenly through the jug for an optimal and consistent aroma, from the first to the last cup.

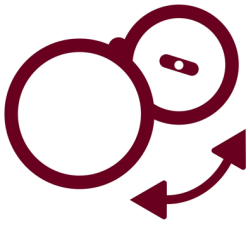
Rich coffee flavour

Thanks to the concentrated water flow that is poured onto the coffee bed, optimal flavours are extracted from the coffee grounds.

Drip stop

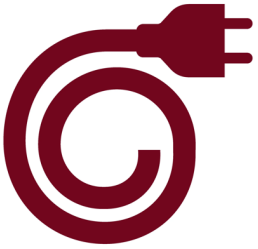
The drip stop allows you to pour a cup of coffee before the full brewing cycle is finished.

Swing filter holder



The filter holder is opened by swinging it to the side, which makes it easy to fill up with coffee. The filter holder is also detachable for easy cleaning.

Cable storage compartment

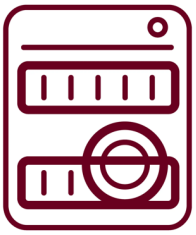


Spare cable can be stored very easily in the cable compartment at the back of the coffee maker. This means that the coffee maker can be positioned nicely in your kitchen.

Water level indication

Fill the water tank easily and precisely with the water level indication.

Dishwasher-safe parts



The jug and filter holder can be easily cleaned in the dishwasher.

Specifications

Finishing

Material of main body: Stainless steel and plastic
Material water tank: Plastic

Weight and Dimensions

Weight of product: 1.7 kg
Weight incl. packaging: 4 kg
Dimensions of product (W x D x H): 230 x 215 x 335 mm

Service

2 year guarantee: Yes

General specifications

Suitable for: Ground coffee powder
Ease of cleaning and maintenance: Dishwasher-safe parts, Removable filter holder
Ease of use and comfort: Water level indication, Drip stop
Coffee drinks: Drip filter coffee

Sustainability

Power consumption brewing: 1000 W

Technical Specifications

Brewing time for a jug: 10 minute(s)
Capacity water tank: Up to 15 cups, 1.2 l
Frequency: 50–60 Hz
Cord length: 0.85 m
Water boilers: 0
Voltage: 220–240 V
Power: 1000 W
Brewing time: < 10 minute(s)

Accessories

Included: Glass jug

Country of Origin

Made in: Poland

Design

Colour: Black and Metal

Design specifications

Colour(s): Black/Metal
