Giving light a new experience

Powerful warm white LED light with a hint of industrial-chic design. Illuminate every corner of your home with this modern aluminium grey ceiling light. You can dim the light to create a stunning ambience.

Benefits

Elegant design meets innovative technology

- Adjustable light intensity with dimmer switch
- High Power LED
- Warm white light effect

Sustainable light solutions

- Extremely long operating life
- Saves up to 80% energy

Features

Dimmable

Adjust the light intensity of the Philips LED lights with a dimmer switch (not included). This makes this light ideal for creating an ambience for any occasion, whether a cosy meal à deux or chilling out with family and friends in your living room. Philips tested a number of wall dimmers that have proved to be compliant with our LED lights. A list of compatible dimmers is available in the downloads and support section.

PHILIPS

Extremely long operating life

A light source you can trust. Philips LED lights offer an extremely long life of at least 20.000 hours (which equals 20 years on basis of an average use of 3 hours a day with an amount of at least of 13.000 on/off switching cycles). With the Philips LED lights you won't have to worry about maintenance or lamp replacement while having the perfect light ambience in your home.

High Power LED

The LED module of this lamp is a uniquely developed solution by Philips, combining 3 LEDs in a synthetic and aluminium housing. This technique enables an optimal light output and a 100% uniform light colour.

Saves up to 80% energy

The LED lighting technology used in Philips lighting fixtures is highly energy-efficient (7.5 W module produces 350 Lumen). As a result, every lighting fixture conserves energy, helping consumers to save money on their electricity bills and contribute to preserving the environment. For home lighting that's energy-efficient and provides great light in a range of contemporary designs, look for Philips LED products.

Warm white light effect

Light up your home with warm white light effects thanks to the latest LED innovation. Philips introduces the latest generation of high-power LEDs, providing a warm white light reaching a colour temperature of 2700 Kelvin. This innovation brings the Philips lighting fixtures to the next level, allowing you to combine elegance and ambience creation with light and energy efficiency.

Design and finishing

Material	aluminium
Colour	grey

Extra feature/accessory incl.

Dimmable	YES
LED integrated	YES
High quality material	YES

Product dimensions and weight

Height	5.5 cm
Length	21.2 cm
Width	21.2 cm
Net weight	1.570 kg

Technical specifications

Mains power	Range 220 V–240 V 50-60 Hz
Bulb technology	LED Safety Extra Low Voltage
Number of bulbs	4
Wattage bulb included	6 W
Light colour	warm white
Lamp lifetime up to	20,000 hrs
Beam angle	35°
Total lumen output fixture	1170 lm
Fixture dimmable	Yes
LED	Yes
Built-in LED	YES
IP code	IP20 protection against objects bigger than 12.5 mm no protection against water
Class of protection	I - earthed
Light source equivalent to traditional bulb of	56 W

Service

Warranty	2 year(s)

Packaging dimensions and weight

Height	23.4 cm
Length	22.8 cm
Width	7.1 cm

Weight	1.840 kg

Style	Modern
Type	Ceiling light

Miscellaneous

Especially designed for	Living Room and Bedroom Kitchen
