PHILIPS

Features

14.2 mm speaker drivers

Quality 14.2 mm speaker drivers with neodymium magnet delivers rich bass and clear sound.

Neodymium magnets

Neodymium is the best material for producing a strong magnetic field for greater sensitivity in a voice coil, providing a better bass response and higher overall sound quality.

Designed for comfort

The design is based on ear geometry for comfortable wear and a snug fit for everyone.

Flexi-Grip

A soft, flexible part that connects the housing and the cable protects the cable connection from damage, even if bended heavily.
