Highlights

Protective buffer ring

The buffer ring around the glass jug provides protection and improved stability.

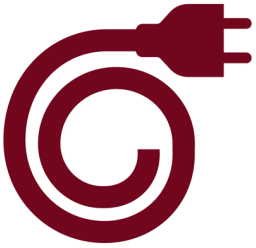
Glass aroma jug

The Philips Aroma jug is made of glass and designed to optimally preserve the coffee flavour.

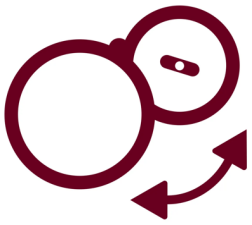
1000 Watt

The pump of your Philips coffee machine will prepare your coffee quickly.

Cable storage



Swing filter holder

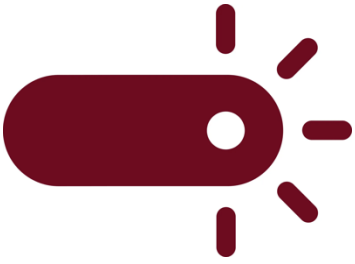


The filter holder is opened by swinging it to the side, which makes it easy to fill up with coffee. The filter holder is also detachable for easy cleaning.

Drip stop

The drip stop allows you to pour a cup of coffee before the full brewing cycle is finished.

LED power switch

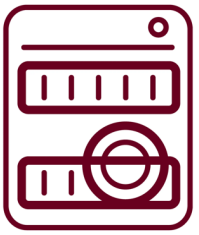


The red light on the switch button illuminates when the coffee maker is switched on.

Water level indication

Fill the water tank easily and precisely with the water level indication.

Dishwasher-safe parts



The jug and filter holder can be easily cleaned in the dishwasher.
